

# TUPAC

**Tennessee Utilities Political Action Committee**

For years, we have concentrated our legislative efforts on grass-root relationships, with few campaign contribution dollars involved. The costs of elections have now grown to such a level, that our friends in the legislature need your help. TUPAC has been established by TAUD in accordance with *Campaign Financial Disclosure Guidelines* and *Campaign Finance Rules*.

Your contribution to TUPAC will help to insure the voice of utilities is heard by Tennessee lawmakers. By joining together, we can better protect and advance our interests.

Utility District/corporate contributions are *not allowed* by law. Please complete the form below and return it with your personal check made payable to TUPAC.
