TAUD is pleased to announce the creation of the Tennessee Utility Public Building Authority Flexible Finance Program. The Program has begun loaning funds for utilities purposes. The first loan funded system improvements and restructured debt service for the South Blount County Utility District of Maryville. The \$29,725,000 issue leads the way for other utilities to take advantage of available funds. The program finances amounts from \$500,000 up. Please contact John Hall at 931.607.1014 for further information.
