

**Water Treatment Chemicals, Application & Handling** (*one day class*)

This class was developed by a Chemical Supplier to provide a detailed view of the chemicals used in water treatment processes, proper application of those chemicals, safe handling and accident management. The class will provide six hours of continuing education for any water or distribution certificate. It will begin at 8:30 am and end at 4:00 pm. For additional information contact Brent Ogles at [BrentOgles@taud.org](mailto:BrentOgles@taud.org) or (615)896-9022.
