

Trench Excavation Competent Person *(one day class)*

This course covers the responsibilities of the excavation competent person as spelled out in OSHA 29 CFR 1926.650. Students learn the OSHA-accepted soils classification methods, types of testing required, how to select protective systems, and the elements of an excavation safety program. Classes will begin at 8:30 am and end at 4:00 pm. Successful completion of this class will provide six hours of continuing education credit toward any distribution or collection certificate. For additional information contact Brent Ogles at BrentOgles@taud.org or (615) 896-9022.
