

Fundamentals of Water Treatment (five days)

This class is for persons planning to take a water treatment exam or anyone wishing to improve their knowledge of water treatment. Topics covered will include: rules and regulations, groundwater and surface water treatment processes and math used in the water treatment industry. In addition to training from experienced instructors, students will receive study material that will be very useful in preparing for the certification exam and as reference material.

Cost: \$330 TAUD Members
\$660 Non-Members
