

Lockout/ Tagout

1/2- day

CE: 3 hrs Any

OE: None

615-900-1000

Class Date/ Location:

9/17 Murfreesboro

Murfreesboro
840 Commercial Ct.

Every year workers are killed or seriously injured because lockout/tagout was not done or not done properly. When are you supposed to lockout? What does servicing and maintenance mean? How do I lock out? Who is supposed to receive training? What are sources of energy and what is an energy isolating device? What are periodic inspections and who is supposed to do them? Are there any machines I do not have to lockout? This half-day class answers these and other questions regarding a very important topic.

Questions:
