

Safe Drinking Water Act Update-Water *(one day class)*

With many changes to existing rules, and new rules continuously added, this workshop is designed to help operators of water treatment plants know what actions are required during 2010 to stay compliant with the state. This class covers portions of the rules which pertain strictly to water treatment. Successful completion of this class will provide six hours of continuing education credit toward any water treatment certificate. **An additional six hours of continuing education credit for water treatment can be acquired by attending the Safe Drinking Water Act Update for Distribution System and Water Treatment Plant Operators.**
