

# Cross Connection Renewal Workshop (one day class)

If you currently hold a certificate for "Testing and Evaluation of Backflow Prevention Assemblies" and need to renew, the Renewal Workshop is what you need. Successful completion of this workshop will renew your cross-connection certificate for three years. It will also provide six hours of continuing education for water, wastewater, distribution or collection certificates. Due to space restraints and subject material, we can only accept the first 24 registrants. We recommend that you register early! **Certificates for Backflow Preventer Testers must be renewed every three years. If you hold this certificate, it is your responsibility to attend a renewal class before the expiration date on the certificate. Not renewing by the expiration date may jeopardize the acceptance of your test reports by the Water Provider.**

**Cost:** \$160 TAUD Members  
\$210 Non-Members

**Time:** 8:30 am -4:30 pm

**Instructor(s):** Brent Ogles, Education Manager, TAUD  
Greg Baker, Groundwater Specialist

### What topics will be covered?

- Requirements Overview
- Testing Procedures

**Preparation:** You must successfully demonstrate that you can test a reduced pressure principle assembly and a double check valve assembly in accordance with recognized TN Department of Environment and Conservation procedures without written or verbal assistance. To view the written procedures or to see them performed on video, please visit our web site at [www.taud.org](http://www.taud.org). and click on Resources, then Downloads, then Backflow; or [click here](#).

**Questions:** Brent Ogles at [BrentOgles@taud.org](mailto:BrentOgles@taud.org) or (615) 896-9022.
