Participants will receive information on EPA DMRQA STUDY 40 - Who, What and How? This topic will help NPDES Permitted facilities learn the fundamentals to comply with EPA DMRQA STUDY 40. New EMOR reporting - New State of Tennessee EMOR reporting software has been developed and is required to be used by all NPDES permitted municipal wastewater plant facilities once their permit is renewed. New Future EPA Sewer Collection System Overflow Reporting Requirement’s – EPA will require a detailed report requiring specific information for each overflow. State of Tennessee has developed a reporting tool associated with the EMOR that will help to report all required information to EPA each month.

Cost: $170 TAUD Member
$340 Non-Member

Time: 8:30 am-3:30 pm
