Water Loss Workshop

2 days

CE: up to 12 hrs WT/DS

OE: None

Class Date/ Location:

9/22-23 Murfreesboro

Need tools to save water and money? Don't miss this opportunity to learn how to tackle the basics of water loss control for your distribution system. This two-day workshop is tailored to assist utilities with fulfilling their water loss reporting requirements and enabling them to implement cost effective water loss management strategies. Water audit data submitted during FY18 will be reviewed together with the utilities and data validation and data quality improvement steps will be discussed. This workshop is especially timely and valuable given the regulations in TN around water loss control. **Attendees will need to bring a laptop computer to class.**

Cost: \$225 TAUD Member
\$450 Non-Member

Time: 8:30 am -4:00 pm

Questions:

Brent Ogles
brentogles@taud.org
615-900-1011

Murfreesboro
840 Commercial Ct.

What topics will be covered?

This two-day Water Loss Control workshop will guide you through the process of implementing cost effective corrective action to reduce non-revenue water. Utilities will then learn how to assess the recoverable volume of leakage and what are cost effective options to control leaking losses. The workshop will provide water loss control case studies from TN and the rest of the country. The second day of the workshop will focus on the hands on components or water audit data validation, system input meter testing, meter calibration, SCADA data validation, pressure management and leak detection.

Instructor: Chris Leauber, Executive Director, Water & Wastewater Authority of Wilson Co. Kevin Hickerson, Meter/ Leak Tech Manager, Consolidated Utility District. Isabel Szendrey, Director on NRW Management, Water Systems Optimization.

Real life water system experiences from Tennessee water systems.
